Öko.logisch.

Eco.logical.

Der verantwortungsvolle Umgang mit natürlichen Ressourcen ist uns ein großes Anliegen. Kreislaufwirtschaft, Klimaschutz und eine ökologische Wertschöpfungskette gehören zur Kaindl Unternehmenskultur. Das von uns verarbeitete PEFC-zertifizierte Holz stammt aus der regionalen Sägeindustrie und aus nachhaltiger Forstwirtschaft heimischer Wälder, deren Fortbestand dadurch über Generationen hinweg gesichert ist.

Handling natural resources responsibly is a major concern of ours. The circular economy, climate protection and an ecological value-added chain, are all part of the Kaindl corporate culture. The PEFC-certified wood used by us comes from the regional sawmill industry and from sustainable forestry of domestic forests, whose continued existence is thus assured for many generations to come.

Holz ist für uns ein wichtiger Rohstoff, mit dem wir verantwortungsbewusst umgehen. Daher setzen wir in unserer Produktion auf Recyclingholz, dem wir damit ein zweites Leben geben. Selbstverständlich können Kaindl Produkte am Ende ihres Lebenszyklus recycelt werden.

Wood is a raw material that is important to us and one which we manage responsibly. We therefore use large quantities of recycled wood in our production, and in doing so we give it a second life. Kaindl products can then also be recycled at the end of their useful life.

Kaindl Böden bestehen zu 90% aus dem nachwachsenden Rohstoff Holz aus regionaler Holzwirtschaft. Pro Sekunde wächst in Österreichs Wäldern ein Kubikmeter davon. Nachhaltige Waldbewirtschaftung sorgt dafür, dass mehr Holz nachwächst, als entnommen wird.

90% of the raw material used to make Kaindl floors are renewable and come from the regional timber industry. They grow in Austria's forests at a rate of one cubic metre per second. Sustainable forest management ensures that more wood is being regrown than is removed.

Unsere Produkte sind CO₂-neutral. Durch ihren hohen Holzanteil weisen sie eine unschlagbare Ökobilanz auf und tragen aktiv zum Klimaschutz bei. Eine Palette Kaindl Fußboden bindet ca. 700 m³ CO₂. Das entspricht der Emission bei einer Autofahrt von etwa 7.000 Kilometern.

Our products are CO₂-neutral. Due to their high wood content they have an unbeatable life cycle assessment and make an active contribution to climate protection. One pallet of Kaindl flooring captures and holds approx. 700 m³ CO₂. This corresponds to the emissions caused by a car trip of around 7,000 kilometres.

Wer Kaindl Böden kauft, kauft Wohngesundheit! Unsere Produkte erfüllen die Ansprüche internationaler Standards, sie sind frei von belastenden Weichmachern und Schadstoffen und sichern eine hohe Raumluftqualität. Dafür garantieren wir!

Anyone who buys Kaindl Flooring buys healthy living! Our products meet international standards, they are free from harmful plasticisers and pollutants, and ensure high-indoor air quality. We guarantee this!

Detail.reich.

Rich.in.detail.

Ihr Detailreichtum macht die Natural Touch Dekore der Select-Produktlinie zum unwiderstehlichen Blickfang. Ganz neu ist die edle Oberfläche „Royal Cordoba“ in vier temperamentvollen Eichenfarbtönen. Mit im Bunde: „Strato Tile“ mit fünf Designs in Metall- und Betonoptik. Das tief strukturierte Porenbild und kontrastreiche Glanzgrade lassen sie dem natürlichen Vorbild ganz nahekommen.

Its rich detail makes the Natural Touch decors of the Select product line, irresistible eye-catchers. The fine "Royal Cordoba" surface in four vivacious oak shades is completely new. The product line also includes: "Strato Tile" with five designs in metal and concrete looks. The deep structured pore pattern and high-contrast gloss levels allow them to come very close to the natural surfaces on which they are based.

Die neue Oberfläche „Epic Grain“ gibt tiefe Einblicke in die reiche Phantasie der Kaindl Designer. Die drei innovativen Classic Touch Farbstellungen der Ferrara Oak begeistern mit nie dagewesener Lebendigkeit, die dem Wechselspiel von ausgeprägten Kathedralen und schlichteren Bereichen geschuldet ist. Ein Volltreffer für das Verlegebild ist auch das trendig breite Dielenformat.

The new "Epic Grain" surface provides deep insights into the rich imagination of the Kaindl designers. The three innovative Classic Touch color combinations of the Ferrara Oak evoke enthusiasm, due to their unprecedented vitality, which results from the alternation of distinct cathedrals and plainer areas.
